New Math/Science School Holds Community Open House

Families looking for another option for their child's education will want to attend a special "Community Open House" at the Muskegon Heights Public Schools new Math & Science Academy.

The open house will be held at 6:00 p.m. on Wednesday, August 30, at the school. The Academy is located within Martin Luther King, Jr. Elementary School, 600 E. Barney, in Muskegon Heights.

Refreshments will be served and visitors will have the chance to meet with Academy staff members.

"We want everyone to come and find out about the Academy, whether or not they are enrolling children in the program," says Superintendent Dana M. Bryant. "We are very excited about what will be offered at the Academy and the more people who know about this program, the better."

The MPHS Math & Science Academy will initially enroll fourth through sixth grade students but will gradually expand into a full K-6 program. Area colleges and businesses will be involved in the new school, offering guidance, mentoring and learning opportunities beyond the classroom.
